Monthly Message

The Wutherich & Co. Composite was up 0.5% in March. This compares with the S&P 500, down 1.6%, the DJIA down 0.4%, the NASDAQ down 1.3%, the S&P/TSX down 1.9%, while the BMO Small Cap Index was down 3.8%.

The blood has largely been let in our Energy related names, though for the next two or three quarters, we could see more. With one or two possible exceptions, we see our Energy holdings getting through this and being in a good position to resume growth in the future. As always, our eye is on the distant horizon and not on the ground before our feet. While this may result in a few stumbles, we think it gets us to higher ground over time. Throughout the portfolio, Energy or not, we constantly check for the value and sustainability of our holdings. In general, we are very pleased with what we see. We have even identified a new name for the portfolio. This month, we have added DirectCash Payments Inc., an operator of ATM networks and a provider of transaction processing services. The company has operations in Canada, Mexico, Australia, New Zealand and the U.K. We see them profitably adding to their ATM network and increasing their transaction processing business for long-term, sustainable growth that should easily get us to our 15% target return.

The following table illustrates the performance of the Wutherich & Co. Composite to the present:

Wutherich & Co. Factsheet

Company Objective

Our goal is to seek prosperity for our clients through participation in stable, growing companies in North America, led by strong management teams that we consider our partners for the next five or more years.

Investment Philosophy

Our style can be described as concentrated, disciplined, long-term growth stock investing. The focus is on established companies that generally have a demonstrated track record in revenue, cash flow or earnings per share growth, with strong managements and solid balance sheets. The current emphasis in the portfolio is on the equity of small to medium capitalization companies, defined roughly as \$50 million to \$5 billion in market capitalization. The portfolio may include large capitalization companies if the right elements are there. Stocks are bought with a keen eye to valuation, so you're not likely to find many high multiple stocks here. The portfolio will likely maintain a significant percentage in foreign securities, providing exposure to investment returns outside of Canada.

Your account with us

Wutherich & Company is an independent investment counsellor. We do not hold assets for our clients, but simply exercise trades over your account as per an agreed upon investment policy statement and portfolio management agreement. Your account is held at [National Bank Correspondent Network](#) in your name. Withdrawals from that account can only be sent to you at your designated bank account and/or address of record. Wutherich & Co. may also do withdrawals from your account to satisfy any fees that may apply to your account. All accounts are cash accounts. Unlike hedge funds, we do not use leverage or derivatives to manage your money. Also, we are not a fund company – if you are a private investor with us, your account will mirror the Model Portfolio but your investments are not pooled.

Other Facts

- Annual fees are 1.5% of assets on a quarterly basis in arrears, plus applicable taxes
- Clients qualifying for an institutional account would be charged 1.5% for the first \$1 million, 1.0% from over \$1 to 10 million and 0.5% for the next \$40 million
- Fees on any accounts over \$50 million would be subject to negotiation
- Minimum account size is \$250,000
- Investments are 100% RSP eligible

*The Wutherich & Co. performance shown here is of a composite which combines the performance of all of the accounts managed by Wutherich & Co. that have been invested according to the Wutherich & Co. Portfolio throughout their history. These accounts vary greatly in the size of assets that they contain and whether or not fees have been deducted directly from the accounts during their history. BMO SSCI-wtd = BMO Small Cap Index, Total Return, weighted. This index is currently the most comparable to the Wutherich & Co. portfolio due to its average market capitalization, though it may differ greatly in its sector weightings; TSX = S&P/TSX Total Return Index. Due to its large capitalization nature and substantially different sector weightings, this index may not be considered comparable to the Wutherich & Co. Portfolio.
